Name of the Project *

CollabHub

One paragraph description of the project *

CollabHub is a collaborative version control platform designed for professionals who work with large 3D project files—such as architects, engineers, 3D artists, were traditional tools like GitHub or cloud drives fail due to massive file sizes. It enables version tracking, branching, merging, and commenting—similar to GitHub—but adapted to 3D workflows, this allows users to collaborate seamlessly on a shared project space.

Supervisor Name and Lastname: *

Ayşegül Dündar

Innovation Expert Name and Lastname: *

Your answer

The URL of the Project Web Page: *
